CRC Working Papers

The joint Working Paper Series of SOCIUM and CRC 1342 publishes latest research results of their members and cooperating partners. Before publication, all papers undergo a double-blind peer-review procedure.

When submitting a manuscript for review to the series, be sure to provide the editor with two versions of the file - one with authors names included and a second anonymous, with any clear references to one's own work within text removed. This will facilitate the review process. Also, submitting authors are expected to deliver manuscripts that have already undergone English language proofing prior to submission for review.
